Benefit For Bill Rhody

Bill a South St. Paul native and now popular Eastsider was recently diagnosed with cancer. Bill has been coaching kids for over 20 years. Some of you may remember him from baseball as a coach and umpire, but most people know him for his love of hockey. He is a referee for both girls and Women's Division III Hockey. He still finds time to do some coaching of East Metro kids when he is not working at Strauss Skates. He is an avid walker, in-line skater and bicyclist. He has used these passions and his abounding enthusiasm for many benefits and causes through the years. Bill is a loving family man whose many friends have dubbed him the unofficial mayor of St. Paul. Please join us in helping Bill and his family in his time of need. Simply put - let's do for him what he has been doing for others his whole life. What better way to honor him and show our support.

Thank You,
Cricket James
